Julie's Family Portrait Project

Julie's Family Portrait Project is a celebration of the work of Julie's Family Learning Program and the work our moms are doing to break the cycle of poverty. The collection is comprised of portraits paired with the mom's thoughts on mothering.

This project was carried out by Annie Dlugokecki, a 2006-2007 Lewis Hine Documentary Fellow from the Center for Documentary Studies at Duke University. Annie graduated from Duke in 2006 with a B.A. in Public Policy and a Certificate in Documentary Studies. Each year, the Philanthropic Initiative supports two Hine fellows to work for ten months with community-based organizations in New England.
